Survivors of domestic violence and human trafficking often possess very little. They had to leave their situations in crisis. The simplest amount of essentials can help a survivor regain foothold in their lives and fuel them to begin anew. Help us provide the bare necessities for the women, men, and children who are rebuilding their lives free from violence and tyranny.

AACI Asian Women's Home also accepts car and monetary donations to support our program and shelter. Please contact DV.Development@aaci.org for more information.

Please note: We prefer donations to be new items.
